## VIRTUAL EVENTS

*We virtualize, completely or partially, events that would have been hosted in our restaurant pre-pandemic so we can host the events in a responsible way, responsive to your needs.*

III Forks understands the challenges, and is here help conduct your business dinners, company happy hours, and meetings in a new way.

### WHAT IS VIRTUAL DINING?

Your private dining event can now take place virtually. Your event can be held entirely online, or with an in-person presence and remote online participation by invited guests whether they are joining in the restaurant or participating virtually.

### HOW DOES IT WORK?

We provide your guests with an easy to order menu link designed for your group with a custom menu and personalized company messaging. The link will be sent prior to the event with enough time for your guests to make selections from your custom menu. Guests choose from the menu, but you control the budget.

We are pleased to offer fare ranging from light luncheon and charcuterie boards to traditional coursed dinners with bottles of wine.

Your invitees make their food and drink selections and schedule a convenient curbside pick-up time. We prepare and package your guests' selections for easy pick-up.

We will gladly set up the event for you or we will work with your own organizers to assist with arrangements. Our staff can send out invitations to your guests or we can simply coordinate the confirmations.

III Forks also has available professional virtual event planning services for pre-planning assistance and day of event execution.
